**My project:** [www.pingit.games](http://www.pingit.games)  
[figma.com/design/Ping-it](https://figma.com/design/Ping-it)

**Description:** A platform for table tennis enthusiasts to find available tables, book equipment, and match with play-buddies.

**Technologies used:** React, Ruby on Rails, APIs.  
**Responsibilities:** User authentication, UI/UX optimization, responsive design.

## ABOUT ME

Dedicated junior full stack developer with recent training from Le Wagon's intensive web development bootcamp. Experienced in building dynamic, user-centric websites through collaborative projects. Strong technical skills in both front-end and back-end development, coupled with excellent problem-solving abilities. Effective communicator and team player with a proactive approach to learning and adapting in fast-paced environments.

## Skills

- HTML, CSS, JS
- React
- Responsive design
- UI & UX design
- Bootstrap
- Heroku
- Querying APIs
- Ruby and Python
- Ruby on rails
- Frameworks
- SQL and databases
- Building and working with APIs
- Writing tests
- Algorithms and data structures

## AREAS OF EXPERTISE

### Web programming :

- **Develop** and **maintain** web services and interfaces
- **Contribute** to front-end and back-end development processes
- **Build** new product features or APIs
- **Perform** tests, troubleshoot software and fix bugs
- **Collaborate** with others on projects and sprints

### UI/UX Design :

- Conduct user research to identify needs and preferences
- Create wireframes, mockups, and prototypes using Figma
- Design intuitive, user-friendly, and responsive interfaces
- Collaborate with developers to ensure design accuracy
- Perform usability testing and iterate based on user feedback
- Apply accessibility standards (WCAG) and design systems for consistency

### Sales management :

- **Conduct** sales analysis and **develop** promotional strategies
- **Forge** new sales partnerships
- **Manage** key accounts
- **Facilitate** purchase requests and invoice verification process
- **Develop** and **manage** databases to support departmental operations
- **Coordinate** activities between marketing and sales teams

### Administrative work :

- **Handle** data entry, documentation, and filing responsibilities
- **Establish** and **uphold** an efficient document control system
- **Manage** incoming calls, emails, and correspondence
- **Organize** office supplies
- **Coordinate** meeting schedules

## PROFESSIONNAL EXPERIENCE
